## Creating the Provocative Proposition

- Is it provocative? - does it stretch, challenge or interrupt habits?
- Is it grounded? - are there examples in the system that illustrate the ideal as a real possibility?
- Is it desired? If it could be fully actualized, would the group want it?
- Is it affirmative? Is it stated in bold, affirmative terms, written in the present tense?

3 **Navigate Conflict**  Team Toxins

## NAVIGATE CONFLICT

How do you experience conflict?

## Perspectives to Hold

- Everyone is right...partially.
- Conflict is a positive change urge in a complex system rather than a problem to be managed.
